Jealousy of the Wealth	207 - 210
Attitudes towards Tax Share of the Wealthy	211 - 214
Cause of Wealth	214 -

Polimetrix interviewed 909 respondents who were then matched down to a sample of 800 to produce the final dataset. The respondents were matched on gender, age, race, education, party identification, ideology and political interest. Polimetrix then weighted the matched set of survey respondents to known marginals for the registered voters of Texas from the 2008 Current Population survey and the 2007 Pew Religious Life Survey.

Field Dates: February 8-15, 2012
